Trustees Meeting - Progress appreciated

Board of Trustees' meeting was held on 28th June 2018. Lt. General (Retd) Hamid Javaid, President Al-Shifa Trust updated the Board on development of projects and review of hospital activities.

He highlighted the significant growth in number of patients during last year and corresponding enhancement in capacity in view of the increased workload. The Board approved the budget for the year 2018-2019.

Annual Day Celebration - PM Announces Rs. 200 Million Grant

Al-Shifa Trust Eye Hospital held its 27th Annual Day function where the chief guest was the then Prime Minister of Pakistan Mr. Shahid Khaqan Abbasi. Prime Minister lauded the services of late General Jahandad Khan for establishing this facility which has now become an institution of international repute. The Prime Minister was briefed about the under construction Children Eye Hospital which will be first of its kind in the region, and will go a long way in providing state of the art facilities to children's eye diseases. Contributions of local and foreign donors including Oil and Gas Development Company Limited (OGDCL) and Pakistan Petroleum Limited (PPL) were greatly appreciated. All outstanding doctors, position holders and employees of the year at Al-Shifa Trust Eye Hospitals were conferred with certificates of merit and recognition by the Prime Minister.

The PM very kindly announced Rs. 200 million grant for the under construction children eye hospital.

Milestone: MoU for Establishment of Pakistan's First Eye Bank

Al-Shifa Trust Eye Hospital has set another record with the signing of an MoU for the establishment of Pakistan's first Eye Bank at Al-Shifa Trust Eye Hospital Rawalpindi. A simple ceremony was held at Al-Shifa Trust to formally sign the MOU between Al-Shifa and Eversight USA.

Mr. Collin Ross and Mr. Erik Hellier of Eversight USA visited Al-Shifa to see the development work of the project.

Al-Shifa Trust is presently conducting almost 70-80 corneal eye transplants per month. The eye bank will serve as a catalyst for more transplants in the country as well.

Four major financial donors Mr Akbar Matto, Mr. Tallat Fazil, Mr. Rafiq Parsa and Lt. General Masood Aslam were recognized and appreciated for their continuous and regular support. A plaque was also placed in cornea department in memory of the Eye Donors who have donated their eyes for our patients.

Children Eye Hospital - Nearing Completion

Al-Shifa Trust has the largest Pediatrics Ophthalmology facility in Pakistan and with increasing number of patients in pediatrics, construction of an exclusive Children Eye Hospital was inevitable. Al-Shifa Trust realized the importance and magnitude of this cause and started the

construction of this facility with an estimated cost of approximately Rs. One Billion. The project will be completed by the end of 2019. We aim to improve and extend our services in the domain of children eye care across the board with involvement from all strata of the society in this noble cause.

PSO Grant Agreement

Pakistan State Oil's Corporate Social Responsibility Trust has agreed to support the cause of Al-Shifa Trust in its fight against blindness. PSO CSR Trust in order to play their part in the prevention and control of blindness have very graciously extended support of approximately **Rs. 5.7 Million** for purchase of equipment.

Al-Shifa Satellite Hospital in the Offing in Chakwal

Al-Shifa Trust is taking its mission to fight blindness to all areas of Pakistan. In this endeavor to provide eye care services in remote areas, Al-Shifa has planned to build a facility in Chakwal. For this purpose, land has been acquired for constructing facility to cater for 500 OPD and 50 surgeries per day. Al-Shifa Trust believes in giving its best services to all communities.

New Admission Block

Admission office has been shifted to the newly constructed block for Zakat and Mustehqeen patients. This block includes offices of Medical Specialist, Psychologist and Biometry for the purpose of facilitating patients by providing all services under one roof.

State of the Art Specialties at Al-Shifa Trust Eye Hospital Rawalpindi

Orbit and Oculoplastics Department

Department of orbit and oculoplastics arranged a two days workshop in collaboration with Pakistan Oculoplastic Association (POA). Prof. Tayyab Afghani who is also the President-elect of POA, informed that the event attracted lot of ophthalmologists from within the city as well as from other parts of the country. Ms Anne Barmettler, the Director of Oculoplastics Service at Albert Einstein Medical College, New York was the keynote speaker. Dr. Barmettler was quite appreciative of the work done at Al-Shifa Trust Eye Hospital and desired to extend this collaboration further. Leading Oculoplastic experts from Pakistan also shared their experience at this workshop.

It is worth mentioning here that AST department of

Orbit and Oculoplastics is the leading center in the country. Ophthalmologists from around the world like Bangladesh, Nigeria, Egypt and Afghanistan have been trained here in the art of plastic and reconstructive surgery of the eye.

Earlier, in June, Prof. Tayyab Afghani participated in World Ophthalmology Congress in Barcelona where he gave two presentations on orbital tumors.

Dr. Maheen Akbar, Registrar in the same department, passed her FRCS exam with distinction. The Team at Al-Shifa extends their heartiest Congratulations to her on this achievement.

The department also welcomes Dr. Sajida Waheed Sheikh who has joined for one year training in oculoplastics.

Cornea Department

Dr. Wajid Ali Khan Head of Cornea and Chief of Medical Services at Al-Shifa Trust visited Eversight Eye Bank headquarters in Ann Arbor Michigan USA in the month of April 2018 for an orientation visit. He met with the Chairman of the Board and other executive members. He also visited Kellogg Eye Centre which is one of the leading eye care centre in USA. Later, an MOU was signed between Al-Shifa and Kellogg Eye Centre for training and collaboration.

Dr. Hassan Mansoor from Cornea Department has been selected for a 16 month cornea fellowship at Singapore National Eye Centre. He will be a valuable addition to Al-Shifa Cornea department on his return.

It is worthwhile to mention here that Al-Shifa takes pride that it is one of the pioneers to conduct cornea transplants in Pakistan and during this period it has given the light of sight through cornea eye transplants to 288 individuals. Cornea Department has also conducted the following number of eye transplants from April to September 2018. This service in providing the gift of sight is one of the forte of Al-Shifa Trust Eye Hospital.

Glaucoma Department

Al-Shifa Trust has acquired latest laser technology for the treatment of refractory Glaucoma cases for its Glaucoma department. The inclusion for Glaucoma surgical management is Cyclo G6 / MicroPulse device for Cyclophotocoagulation which provides a safe and efficacious solution for the disease control. It is an effective choice for treating some of the most refractory Glaucoma cases where conventional incision Glaucoma surgery is risky or unlikely to provide satisfactory results. Dr. Aaila Chaudhry, a leading Ophthalmologist from USA, also conducted a training session at the hospital. While introducing this state of

the art, non-incisional, noninvasive laser unit, Dr. Chaudhry said, "The primary advantage of this modality is that it provides a gentler approach with improved efficacy and safety profile".

A research paper presented by Glaucoma department was selected among the top 50 outstanding abstracts at the World Ophthalmology Congress 2018 in Barcelona. The paper co-authored by Prof. Dr. Farah Akhtar and Dr. Mahmood Ali, is the first quality of life study addressing Pakistani subjects published in the international literature. The paper reports the effects of Glaucoma on the quality of life in Pakistani Glaucoma patients.

General Ophthalmology

General ophthalmology is the backbone of any eye hospital and here at Al-Shifa it is the largest Division of the hospital. General Ophthalmology has expanded the number of clinics in both OPD I and II; has acquired new OPD and OT equipment; and has started the wet lab for training of Residents. In addition to three Consultants, Registrars have been hired to meet the expanding clinical and training demands. As the largest number of surgeries is in the domain of cataract, this expansion has streamlined with clearer pre and post-op responsibilities. This has led to a shorter waiting time for operations, fewer complications and better management. Moreover, this has taken much of the cataract load off the sub-specialty surgeons as well.

MSPH Celebrates Spring Gala

Al-Shifa School of Public Health is providing quality education and producing valuable research. The school celebrated Spring Festival where guests from Al-Shifa Trust & Eye hospital enjoyed a beautiful evening comprising of different activities and games adding a festive mood to the evening. The research work of Al-Shifa School of Public Health has an outstanding quality as compared to all other MSPH institutes. For this purpose it regularly engages its faculty and students in enriching one day seminars and workshops. In this regard, a one day seminar was conducted about disaster management. Mr. Asrar Ayyub a renowned Disaster Management practitioner enlightened students about managing risk and disasters. Currently MSPH is running two programs in morning and evening for professionals with the objective to strengthen Public Health realm in Pakistan.

Academic Updates

Pakistan Institute of Ophthalmology - Top 3 positions by PIO students in final professional exams

PIO, the academic wing of Al-Shifa Trust is recognized by the Pakistan Medical & Dental Council, College of Physicians and Surgeons Pakistan, Quaid-e-Azam University Islamabad, University of Health Sciences Lahore, Punjab Medical Faculty, National Training Bureau of Pakistan and Pakistan Nursing Council. It paves the way for human resource development in different eye care cadres. Keeping up the tradition of PIO, the students of BS Optometry & Orthoptics at PIO have secured multiple positions in professional examinations held by the University of Health Sciences in 2018 including all the top three positions in the final professional examination. Our students have always been the preferred choice of talent seeking hospitals and organizations.

Al-Shifa Research Center- Capacity building in progress

Al-Shifa Research Center has been established at Al-Shifa under the leadership of Prof. Dr. Wajid Ali Khan. The Center envisions being the center of excellence for conducting world-class creative bio medical research activities that enhances the knowledge base and contributes towards improving the health care system and social advancement for the people of Pakistan.

The purpose of the Research Center is to emphasize rigorous research fundamentals while stimulating innovation and providing talented students and faculty a high standard research facility in the

institution. Dr. Ume Sughra Assistant Professor at MSPH Department is designated as Research Associate and focal person for the research activities.

The objectives of research center are to work in coordination with the head of departments, to identify areas of research and provide operational support to the institution's research activities and programs. The aim is to help improve the quality of research and rating of Al-Shifa Journal of Ophthalmology; and to explore collaborations with national and international organizations.

Outreach Camps

ACCO (Al-Shifa Center for Community Ophthalmology) runs one of the widest spread outreach programmes for the prevention of blindness in the country. The objective of ACCO is to deliver quality Eye Care services at the door step of the community in rural and underserved population. In outreach camps, screenings as well as surgeries were conducted with the provision of medication

and spectacles. Complicated cases requiring complex surgeries are referred to the main hospital where the patients are provided free treatment. The Outreach Programme has also helped the community by promoting awareness about Eye Care. The details of the magnitude of Free Outreach Eye Screening Camps are given below:
